

Education

- Sep 2024 – Technion - Israel Institute of Technology, *PhD, Faculty of Data and Decision Sciences*.
Advisor: Noa Zychlinski
- Sep 2021 – Shanghai University, *Master, Management Science and Engineering*.
Apr 2024 Recommendation-based admission to graduate programs
- Sep 2017 – Harbin University of Science and Technology, *Bachelor, Statistics*.
Jun 2021

Research Interests

I am interested in operations management and operations research in healthcare because they use quantitative mathematical tools, such as queueing theory and stochastic modeling, to improve efficiency, access, and quality of care under limited resources and uncertainty.

Published Papers

- 7 **Cai J***, Likvornik N.F, Zychlinski N. From waitlists to well-being: An analytical approach to AI-supported mental healthcare, *IISE Transactions*, *forthcoming*.
- 6 **Cai J***, Zychlinski N. When AI is not enough: Reducing diagnostic errors with radiologist oversight, *Service Science*, *forthcoming*.

Internship

- Nov 2023 – Data Analyst, *Baozun E-commerce*, Jing'an District, Shanghai, On-site.
Mar 2024

Selected Honors

2022 National scholarship for graduates.
